Supplies and Tools: Brown card for the base, green card paper for the tree, color paper, hole punch, glue stick, and scissors.

Print the template and cut out the display box in brown card and four copies of the tree in the color of your choice. **Cut out** a star using **the template**.

Make the Base: Fold the edges along the lines. **Snip** the inner corner along the narrower side of the rectangular card. **Dab a little glue** on the resulting overlap squares.

Glue the Base: Fold and glue the corners together to **create a box**.

Form the Tree: Glue the back half of one tree to the matching back half of another tree. Repeat until all four trees are stuck together.

Decorate the Tree: Punch out spheres from different colored paper sheets and glue them to the tree.

Add a Star: Cut out a star and glue it to the top of the tree.

Enjoy these hand crafted paper Christmas trees for the holidays.
